

THE Gleichen Call

SIXTEENTH YEAR NO. 51

GLEICHEN, ALBERTA, WEDNESDAY, MARCH 14, 1923

Subscription \$2.00 a Year

IN THE LEGISLATURE

(Closed by Publicity Commissioner
Government Buildings, Edmonton)

A total of 55 bills were given notice by the Lieutenant-Governor on Friday these bills having passed through all their stages in the Legislature. These include bills to incorporate the Alberta Association of Municipal Districts, Calgary charter amendment, Camrose by-law validation, an act to empower the City of Lethbridge to own and operate a railway, Lethbridge charter amendments, to stock inspection act, to add "West" to the name of the Bow Irrigation district, extension of time to Calgary and S.W.R. railway, amendments to irrigation district act, and respecting community service assessment to stock inspection act, 1922, act respecting stockyards, amendments to branding, Red Deer charter amendment, to provide for game act, amendments to respecting private grazing associations, to ratify the new oil and gas Hay Lakes drainage district, amendments to telephone and telegraph act, amendments to agricultural societies act, amendment to the forest protection act, and to amend the domestic animals act, act to inspect New West irrigation districts.

After considerable discussion in committee of the whole of the bill of Hon. Mrs. Parfley's for the protection of children of immigrants has been passed by the Legislature. Some changes were made in committee one of them being instead of magistrates, district court judges only will have power to make the order to have these to be made in writing or on oral. The number of persons who may lay charge under the act is limited to the most prominent members of the executive and the superintendent of neglected children of the province.

Second reading was given to the bill to regulate the practice of chiropractic, on a division, the vote being 29 to 17 in favor of the bill.

It is expected that the estimate will be introduced to the house during the coming week.

ALBERTA SEED FOR EXHIBIT PURPOSES ABROAD

Alberta crop winning seed grain will be used by the Dominion Government to advertise Western Canada abroad during the next year. This is a record for a small province. The last year's win between the field crop branch of the Alberta Department of Agriculture, and representatives of the Canadian Office of Dominion Bureau of Immigration and Colonization, who visited Edmonton for the purpose, selected a supply of the best Alberta seed.

Particulars relating to the Dominion Government for this purpose include 100 bushels of N. T. Marquis, 100 Marquis White Marquis, 100 bushels of Mcleman's Marquis Wheat from Raymond, 75 bushels of Conkle and Bladé's Barley Oats from Rosther Hill and 75 bushels of W. Biggar's Chancery from Lacombe. This seed grain will be used for exhibit purposes in Great Britain and Europe.

COMING TO GLEICHEN

Miss L. Owen, F.R.G.S., of London England, who is touring a tour around the world, in company with her British wife, Fanny, and their son, has kindly consented to deliver an illustrated lecture, "Palestine during the War," in the Union Church, on the evening of March 15, at 8 p.m. We make this great journey at her own expense, and paying some years in Jerusalem as secretary. Miss Bishop of Liverpool's Relief Fund, we should greatly appreciate interest. The illustrations are from actual photographs taken by Miss Owen during her residence in the East. The meeting is open to all.

VALUE OF FARM LAND

According to the Dominion Bureau of Statistics, the average value of acquired farm lands in Alberta, including improved and unimproved land and buildings, was \$64 per acre last year. The average wage of farm help in Alberta during the summer season of 1922, including board, was \$64 for men and \$40 for women.

Your subscription is due.

FIRST CORN HUSKED IN WESTERN CANADA PROVES VERY PROFITABLE

E. F. Doten Busy Husking And Shelling 1000 Bushels

Many farmers and others interested in growing corn have visited F. E. Doten's farm, just east of the Arrowood Consolidated School. Twelve miles south of Gleichen, with the first frost of the winter, Canada, and more were disappointed. Friday and Saturday there was a steady stream of visitors, some coming as far distant as twenty-five miles. While the Call man, accompanied by Messrs. Harry Scott, D. Hutcheson, J. McLean and A. McMullen, was there Saturday afternoon, no less than five arrived with interested people. Naturally Mr. Doten, a practical man, yet he took time to speak to all, and无疑 answer the many questions asked of him.

For the reason that Mr. Doten would here give the detailed report we should like, and the further reason that he did not expect to complete his husking operations until to day or tomorrow, and, therefore, could not possibly arrive in time for conclusions.

However the trial was worth the time occupied for No. 1 "Rosenthal" corn husker was in excellent working condition, and worked every smoothly. It is not a very complicated machine, and in another issue we hope to find space to give some idea of its operation.

Mr. Doten enjoys the distinction of being the first to grow corn successfully in Alberta. He grew corn profitably, and also the first to prove his contentions in this respect by average eight bushels to the acre from ninety acres he had in crop last year, thirty acres being North West and the balance Alberta Ninety Day Flint. Most of this is the best of seed corn for this variety, and seen come more difficult to grow, but he has shown that last year's crop is a profitable one. Better still, it is claimed that by growing corn the land here produces better results the following year than summerfallow for wheat, as well as making it possible to produce a profitable crop every year.

Besides growing the best corn husker invented in Western Canada, Mr. Doten also owns, we understand, the first corn sheller. This is also a rather simple but very effective machine, which he operates in the basement of his house during the stormy weather. As evidence of its practicality a few ears of corn were put through in our presence coming out perfectly clean of ear. A number of sacks piled up ready for sale were indeed filled with clean corn, and when paid and then paid Mr. Doten real money for corn seed he had already shipped to him, and said he had inquiries from all parts of the west.

As evidence of the feeding qualities of this corn there were in a pen a half dozen pigs that were to fat for the butcher trade, which eight weeks ago one man took in his hands and easily placed them in a truck and drove them down the road of fine looking cattle in an adjoining field to where the husking operations were carried on that could not be kept away from the fence over which the wind carried some of the fine husks.

Mr. Doten was raised in the Southern States on his father's farm, where corn growing is the main and only crop. He is naturally and fully interested in the subject. In instance he says that in order to get the best corn he now produces it takes three years and that each year the seed becomes harder and better. In the matter of selecting seed he advises great care be taken and also the planting of corn requires considerable knowledge, as well as its cultivation, and preservation until it is shelled. These and other interesting details we hope to give our readers in future issues.

W. D. TREGO SHIPPED 286 CORN-FED CATTLE

Last Thursday W. D. Trego shipped fifteen carloads of his much-talked-of corn-fed cattle to Toronto, comprising 286 head of young stock. G. T. Jones had charge of the shipment when it left Gleichen.

This shipment was looked forward to with deep interest as it is the first large shipment of corn-fed stock from Alberta, and is to be reported that the most fortunate Mr. Trego's report of the quality of the cattle should prove of great interest. The illustrations are from actual photographs taken by Miss Owen during her residence in the East. The meeting is open to all.

Nevertheless, these cattle have done very well considering that some of them were not of a beef type and the conditions under which they were fed. The result of the shipment will be watched with the greatest interest.

REV. CANON STOCKEN WRITES LETTER OF APPRECIATION

Emmette to Victoria, B.C.
The Gleichen Call:
Gleichen, Alberta.
Dear Mr. Evans:-

I want to take this my first opportunity to write to express to you and to the people who have added to my many friends of this church, this further one of giving me so substantial a purse on my leaving the district, which is not so many years I have been associated.

It will be of great assistance to me to have a means to the comfort of myself and my daughters in settling into our new home.

It is a hard wrench to leave such people when you have given them precious moments.

Very sincerely yours,
H. W. Gibson STOCKEN.

A LECTURE CONCERT

A lecture and concert will be given on Saturday evening at 8 p.m. in the Union Church. The subject will be "Travel in Pictures, Song and Story." There will be instrumental and vocal music. The proceeds will be devoted to the Sunday school fund. Admissions 50 cents and 25 cents. The lecturer will be the Rev. John Pate.

ILLUSTRATED TRAVELINGES

The interest in the series of Pictures, talks, which are being delivered in the Union Church, on Saturday evening, is high, while mark last Saturday, when the pictures were shown, greeted the lecturer, Rev. John Pate, as he conducted an itinerary of fully half a dozen countries, "A Journey Around the World." The beautiful slides, the property of the Canadian Pacific Ry., were splendidly presented on the screen, and the large hall was deeply impressed by the magnificence and extent of territory covered by this great transportation system. Archibald Macmillan, who has been a steady student of the careful adjustment of the lenses brought out detail of all the features of the many pictures. The slides were kindly loaned by the trustees of the J. E. Proctor District Passenger Agent, at Calgary.

COMING EVENTS

Act, under Coming Events 25c. Last week in Gleichen news otherwise advertised in the Call.

ARROWOOD BRIEFS

The play "The Old Maid's Club", which the Community Ladies Aid will be giving at the new Arrowood Consolidated School, will open in the new future, likely Friday, March 23rd although the date has not been definitely fixed yet. The cast includes several characters, and the play will be highly humorous. Mrs. R. F. Williams, who is playing the leading part, is a well known actress, and it is to be present so they may find themselves engrossed in the play without previous knowledge. Watch for announcement next week.

Mr. A. G. Moore, Committee man and Doctor, will be in charge of the dairy stock of the community on Monday, March 19th. Mr. Moore is chiefly concerned with the watering down of the dairy herd in order to save great expense. He will speak in the auditorium of the Arrowood Consolidated School. All those interested in dairying should be present as the talk will be interesting and instructive to all classes.

Quite a number attended the dance at the Arrowood Consolidated School last Friday night. The special menu, which was well received, was Mrs. Turner's speciality of Calgarian, with music enjoyed by all present. The Buffalo Hill local of the U.P.W.A. provided lunch and wish to express their appreciation for the generous patronage accorded them.

Miss Lydia received a telegram yesterday from Miss Anna, which said "Gill has been dissolved, which is to be sold out of one of the best blood lines in Canada; bring it from Gleichen in his traveling car. Mr. Clegg is to be present and will be there each. He is feeding showman, enlisting this season and proclaims it an excellent feed."

Lawrence Irvin, the chairman of the new board of trustees of the Consolidated School, and his wife, Mrs. Irvin, were married Saturday evening. They have a young family of two, and are the parents of three children.

The music classes of Miss Clara Adams are constantly increasing. The community is now well dotted with Adams' making it possible for the young people to have a musical education free in the various community social organizations.

Miss A. J. Jones and daughter, Maile, of Gleichen, have been spending several days at the home of W. C. Lytle, Gaynor Jones and R. B. Jones. They returned to Gleichen Sunday.

H. C. Allen is just convalescing from an attack of pneumonia of three weeks duration. Mr. Allen says he is 62 months lighter than when he became ill.

E. C. Robins left for the State of Washington last Wednesday, where he will become a travelling salesman.

TOWN AND DISTRICT

E. J. Routledge took charge Thursday last as C.P.R. agent at Gleichen, vice Chas. J. Stoffel, deceased. He arrived with his wife from Lake Louise.

The Women's Auxiliary of St. Andrews' Church will hold a Sub of Plants and Home Cleaning in W. H. James' Store on Saturday afternoon, March 31st.

Another of the popular winter drives and dances is to be given at the Living Springs school on Friday, March 16th. Everybody welcome. Tickets will be awarded for ladies and gentlemen.

The C.P.R. has announced that the Trans-Canada Limited train service will be resumed in the spring. The first train will leave here on Tuesday, April 2nd, and the first train eastbound from Vancouver will leave here the same day.

The second annual feeder's day held by the Animal Husbandry Department of the University of Alberta Education, will be held on the 23rd of March. The results of feeding experiments during the past six months will be given.

To get the best enjoyment from a radio one should construct their own. G. F. Keeler and R. L. Culpepper have built a radio which they are having splendid results. They are having Texas, California, Missouri and in fact all foreign stations quite successfully. C. A. Detter also constructed his radio.

Evening service 7:30. "The Third Hundred Who Lapped but Did Not Kneel." Special music at both services. All are welcome.

BLUES "Wearbetter" Clothes for Boys

The inevitable wear and tear of school games is immediately lessened by

WEAR BETTER CLOTHES FOR BOYS

Wearbetter clothes are just what their names implies — they wear better and look better because they are made of better quality materials.

Quote a number attended the dance at the Arrowood Consolidated School last Friday night. The special menu, which was well received, was Mrs. Turner's speciality of Calgarian, with music enjoyed by all present. The Buffalo Hill local of the U.P.W.A. provided lunch and wish to express their appreciation for the generous patronage accorded them.

Miss Lydia received a telegram yesterday from Miss Anna, which said "Gill has been dissolved, which is to be sold out of one of the best blood lines in Canada; bring it from Gleichen in his traveling car. Mr. Clegg is to be present and will be there each. He is feeding showman, enlisting this season and proclaims it an excellent feed."

Lawrence Irvin, the chairman of the new board of trustees of the Consolidated School, and his wife, Mrs. Irvin, were married Saturday evening. They have a young family of two, and are the parents of three children.

The music classes of Miss Clara Adams are constantly increasing. The community is now well dotted with Adams' making it possible for the young people to have a musical education free in the various community social organizations.

Miss A. J. Jones and daughter, Maile, of Gleichen, have been spending several days at the home of W. C. Lytle, Gaynor Jones and R. B. Jones. They returned to Gleichen Sunday.

H. C. Allen is just convalescing from an attack of pneumonia of three weeks duration. Mr. Allen says he is 62 months lighter than when he became ill.

E. C. Robins left for the State of Washington last Wednesday, where he will become a travelling salesman.

The Women's Auxiliary of St. Andrews' Church will hold a Sub of Plants and Home Cleaning in W. H. James' Store on Saturday afternoon, March 31st.

Another of the popular winter drives and dances is to be given at the Living Springs school on Friday, March 16th. Everybody welcome. Tickets will be awarded for ladies and gentlemen.

The C.P.R. has announced that the Trans-Canada Limited train service will be resumed in the spring. The first train will leave here on Tuesday, April 2nd, and the first train eastbound from Vancouver will leave here the same day.

The second annual feeder's day held by the Animal Husbandry Department of the University of Alberta Education, will be held on the 23rd of March. The results of feeding experiments during the past six months will be given.

To get the best enjoyment from a radio one should construct their own. G. F. Keeler and R. L. Culpepper have built a radio which they are having splendid results. They are having Texas, California, Missouri and in fact all foreign stations quite successfully. C. A. Detter also constructed his radio.

Evening service 7:30. "The Third Hundred Who Lapped but Did Not Kneel." Special music at both services. All are welcome.

A WISE COW—POOR OLD BOSSIE

Miscellaneous Ads. in the Call have their tragedies as well as their advantages... This little ad. found Mrs. Bossie:

\$5.00 REWARD—For information leading to recovery of gentle brown cow, straight up right horns, branded indistinctly on right horn. Should have followed her now. W. W. Brown, Gleichen.

BUT—"SHE READ THE AD. AND DIED"

We met the halfiff in the P.O. the other day and taking up aside we suspected she might have had official invitation for us all to call and have "Pale" that cow out of the Call. She read the ad. and died".

TRY ONE OF THESE ADS. YOU might have better luck than our friend W. W.
